Statistical information and Specialized Databases Indexing InDret

Since January 2008, under Appendix 1 of the Resolution of November 17th, 2006, of the Presidency of the National Commission of Evaluation of Academic Research, by which specific evaluation criteria are established (Official Journal no. 280, November 23th, 2006) and Appendix 2 of the Resolution IUE/3582/2007, November 29th, 2007, that publicizes the specific criteria for evaluating the academic research of scholars and researchers of Catalan public universities so that salary enhancements are based on research merits (Official Journal no. 5021, December 3rd, 2007), InDret includes a permanent section with statistical information of the rate between papers that have been submitted and those that have been accepted. Additionally, this section further informs about the specialized databases indexing InDret.

Statistical Information

InDret 2/2014

Number of papers submitted	Accepted	Rejected
27	19	8
